Bizaare Avenue Cafe [\[Map\]](#)

 Lake Worth, FL

Set on a street filled with antiques shops, this retro living room and dining room speaks to the comfort of a coffeehouse. But rather than being passé, the place is up-to-the-vintage-minute – every item is for sale. And we're not talking about your mother's dinette set. We're talking about your great-grandmother's dinette set, ugly when you were a child, cool now that you (and the rest of your social set) are into collecting. While you're at it, you might as well snag some menus too. Surely you'll want to return not just for the latest in estate-sale acquisitions but for those chicken-artichoke crepes. Just as it sounds, the fare is light and tasty, ideal for those following the five-small-meals-a-day plan. Dr. Atkins fans may find this short-on-steak place a bit challenging, but what do they know? They're behind the contemporary times. *(February 18th 2004)*
